

Subject Index to Volume 181 (Jan.-June 1975)

A

- Abdominal aortic aneurysms, surgical management of, factors influencing mortality and morbidity, 654
Abdominal operative incision in the obese patient, choice of, a study using blood gas measurements, 829
Abdominal pain, acute, diagnostic peritoneal lavage in evaluating, 283
Abscess, intra-abdominal, giant horseshoe, 716
 pyogenic liver, new diagnostic and therapeutic techniques in the management of, 508
Adenoma, parathyroid, and non-medullary carcinoma of the thyroid, the association of, 118
 $3'$, $5'$ -adenosine monophosphate, cyclic, treatment of intra-abdominal and abdominal wall desmoid tumors with drugs that affect the metabolism of, 299
Adrenal insufficiency in surgical patients, occult, 325
Allograft rejection, renal, use of radionuclide imaging in the early diagnosis and treatment of, 596
Allotransplantation, renal, in man, arterial stenosis complicating, a study of 38 cases, 283
Amylase clearance in differentiating acute pancreatitis from peptic ulcer with hyperamylasemia, 314
Aneurysm, abdominal, and horseshoe kidney, a review, 333
 abdominal aortic, surgical management of, factors influencing mortality and morbidity, a 20-year experience, 654
 aortic, acute dissecting thoracic, stenotic and obstructive lesions in, 662
 bilateral carotid, secondary to radiation therapy, 888
 false, as a late complication of anterior dislocation of the shoulder, 785
Aneurysm resection, aortic, survival improvement following, 863
Angina pectoris, unstable, the surgical treatment of, 754
Ankle systolic pressure measurements, in patients with intermittent claudication being treated with clofibrate, results of, 799
Anorectum, stricture of the, in Crohn's disease involving colon, 207
Antithrombin-III deficiency, inherited, causing mesenteric venous infarction, a new clinical entity, 791
Antrectomy and subsequent vagotomy effect on the serum gastrin response to food in dogs, 191
Aortic and other arterial injuries, 640
Aortic aneurysms, abdominal, surgical management of, factors influencing mortality and morbidity, 654
Aortic aneurysm resection, survival improvement following, 863
Aorta, ascending, resection of the, using profound local hypothermia for myocardial protection, 742

- descending thoracic, the use of the TDMAC-heparin shunt in replacement of, 735
Aortic surgery, abdominal, spinal ischemia following, 267
Aorto-Iliac surgery, sexual function after, 787
Arterial grafts, infected, 850
Arterial injuries, aortic and others, 640
Arterial injury and massive blood loss, a case report of management of pelvic gunshot injury with femoro-subscrotal-femoral bypass and 116 units of blood, 245
Arterial stenosis complicating renal allotransplantation in man, a study of 38 cases, 283
Atrophy of Ipsilateral ileo-femoral segment, disuse, 424
Autografts, coronary artery bypass, localization of tissue plasminogenactivator in relation to morphologic changes in human saphenous veins used as, 431
 localization of tissue plasminogen activator in relation to morphologic changes in human saphenous veins used as coronary artery bypass, 431
Axillary-femoral bypass graft patency without aorta-femoral pressure differential, disuse atrophy of ipsilateral ileo-femoral segment, 424

B

- Bacteria, anaerobic, intraperitoneal, incidence and significance of, 705
Bacterial analysis of comparative wound irrigations, quantitative, 819
Barium enema, barium granuloma, of the rectum, an unusual complication of, 418
Barium granuloma of the rectum, an uncommon complication of barium enema, 418
Bile, the effect of bile acid synthesis on cholesterol secretion into the, 458
Bile salt deconjugation following small bowel bypass procedures, studies on, 397
Biliary atresia, hepatic portoenterostomy, an assessment of its value in the treatment of, 591
Blood gas measurements, choice of abdominal operative incision in the obese patient, a study using, 829
Blood pump, centrifugal, twenty-four hour left ventricular bypass with a, 412
Boerhaave syndrome, report of a case treated non-operatively, 452
Bronchial stump healing, the role of inflammation in, 381

C

- Cancer, breast, results of conservative treatment at ten and fifteen years, 26
significance of a solitary lung shadow in patients with, 137
colon, carcinoembryonic antigen and prognosis in patients with, 81

Subject Index to Volume 181 (Jan.-June 1975)

Aortic and other arterial injuries, 640
Aortic aneurysms, abdominal, surgical management of, factors influencing mortality and morbidity, 654
Aortic aneurysm resection, survival improvement following, 863
Aorta, ascending, resection of the, using profound local hypothermia for myocardial protection, 742

- descending thoracic, the use of the TDMAC-heparin shunt in replacement of, 735
Aortic surgery, abdominal, spinal ischemia following, 267
Aorto-Iliac surgery, sexual function after, 787
Arterial grafts, infected, 850
Arterial injuries, aortic and others, 640
Arterial injury and massive blood loss, a case report of management of pelvic gunshot injury with femoro-subscrotal-femoral bypass and 116 units of blood, 245
Arterial stenosis complicating renal allotransplantation in man, a study of 38 cases, 283
Atrophy of Ipsilateral ileo-femoral segment, disuse, 424
Autografts, coronary artery bypass, localization of tissue plasminogenactivator in relation to morphologic changes in human saphenous veins used as, 431
 localization of tissue plasminogen activator in relation to morphologic changes in human saphenous veins used as coronary artery bypass, 431
Axillary-femoral bypass graft patency without aorta-femoral pressure differential, disuse atrophy of ipsilateral ileo-femoral segment, 424

B

- Bacteria, anaerobic, intraperitoneal, incidence and significance of, 705
Bacterial analysis of comparative wound irrigations, quantitative, 819
Barium enema, barium granuloma, of the rectum, an unusual complication of, 418
Barium granuloma of the rectum, an uncommon complication of barium enema, 418
Bile, the effect of bile acid synthesis on cholesterol secretion into the, 458
Bile salt deconjugation following small bowel bypass procedures, studies on, 397
Biliary atresia, hepatic portoenterostomy, an assessment of its value in the treatment of, 591
Blood gas measurements, choice of abdominal operative incision in the obese patient, a study using, 829
Blood pump, centrifugal, twenty-four hour left ventricular bypass with a, 412
Boerhaave syndrome, report of a case treated non-operatively, 452
Bronchial stump healing, the role of inflammation in, 381

C

- Cancer, breast, results of conservative treatment at ten and fifteen years, 26
significance of a solitary lung shadow in patients with, 137
colon, carcinoembryonic antigen and prognosis in patients with, 81

- colorectal, chemotherapy as an adjuvant to surgery for, 616
 preoperative radiotherapy for, 624
 of the bile ducts associated with ulcerative colitis, 303
 periampullary, results of radical resection for, 534
 thyroid, childhood, is it a lethal disease?, 632
- Carcinoembryonic antigen and prognosis in patients with colon cancer, 81
- Carcinomas, breast, occult, detected by xeroradiography, clinical considerations, 133
 non-medullary, of the thyroid and parathyroid adenoma, the association of, 118
 of the stomach, an analysis of twenty years' experience with operations for, 611
 renal cell, presenting as right atrial tumor with successful removal using cardiopulmonary bypass, 471
- Cardiac contusion, a capricious syndrome, 567
- Cardiac output determination, clinical, the precision of a special purpose analog computer in, 232
- Cardiopulmonary adjustments following single high dosage administration of methyl prednisolone in traumatized man, 317
- Cardiopulmonary bypass, renal cell carcinoma presenting as right atrial tumor with successful removal using, 471
- Cardiovascular surgery, major, acute renal insufficiency complicating, 370
- Cecum, volvulus of the, 876
- Centrifugal blood pump, twenty-four hour left ventricular bypass with, 412
- Cerebral blood flow, sequential changes in, and distribution of flow within the brain during hemorrhagic shock, 1
- Chemotherapy as an adjuvant to surgery for colorectal cancer, 616
- Cholangiogram, the diagnosis of jaundice by the minilaparotomy open transhepatic, 386
- Cholangitis with acute renal failure, priorities in therapeutics, 881
- Cholesterol secretion into the bile, the effect of bile acid synthesis on, 458
- Crohn's disease, stricture of the anorectum in, involving the colon, 207
- Cirrhosis, hepatic, management of umbilical hernias associated with, and ascites, 85
- Claudication, intermittent, results of ankle systolic pressure measurements in patients with, treated with clofibrate, 799
- Clindamycin and methicillin, intravenous, effect of, in gram-positive soft tissue infections, 203
- Clofibrate, results of ankle systolic pressure measurements in patients with intermittent claudication being treated with, 799
- Colitis, ulcerative, cancer of the bile ducts associated with, 303
- Colon, stricture of the anorectum in Crohn's disease involving the, 207
- Colonic surgery, factors complicating, the surgeon, the surgery, the patient, and the disease, 9
- Colostomy, closure of, 795
- Computer, analog, the precision of a special purpose, in clinical cardiac output determination, 232
- Contamination, moist, strike-through of, by woven and non-woven surgical materials, 857
- Cortisone acetate, effect of, on wound contracture and epithelialization in rabbits, 67
- Cricopharyngeal myotomy, treatment of dysphagia, 262
- Cystosarcoma phylloides, metastatic, in an adolescent girl, an unusual malignant tumor, 279
- D**
- Desmoid tumors, treatment of intra-abdominal and abdominal wall with drugs that affect the metabolism of cyclic 3', 5'-adenosine monophosphate, 299
- Dextran, the effect of, on the lysability of ex vivo thrombi, 342
- Diabetes insipidus secondary to penetrating thoracic trauma, 31
- Duodenum, villous tumors of the, 164
 traumatic injuries to the, a report of 98 patients, 92
- Dysphagia, treatment of, cricopharyngeal myotomy, 262
- E**
- Echinococcal disease, a review of, 390
- Edema, pulmonary, lung thermal volume in, effect of positive end expiratory pressure, 809
- Embolism, experimental fat, pulmonary responses of unilateral positive end expiratory pressure on, 676
- Endocardial viability ratio, an investigation of, in myocardial failure following prolonged hemorrhagic shock, 893
- Enteric duplication, diagnosis of an, with pertechnetate ^{99m}TC scanning, 428
- Enzymes, lysosomal, splanchnic, influence of increased circulating levels of, on the response to myocardial ischemia, 813
- Esophageal stricture, conservative surgical treatment of reflux esophagitis and, 552
- Esophagitis, reflux, and esophageal stricture, conservative surgical treatment of, 552
- F**
- Fascial transplantation, a biological basis for, subcutaneous extraperitoneal repair of ventral hernias, 722
- Fecal flora, stability of normal human, during a chemically defined, low residue liquid diet, 58
- Fecal impaction following methadone ingestion simulating acute intestinal obstruction, 15
- Femoroperoneal bypass, evaluation of potential for re-

- vascularization of the severely ischemic lower extremity, 182
- Filters, blood transfusion, comparison of filtering efficiency of four new in-line, 114
- in-line blood transfusion, filtration characteristics of three new, 273
- Fracture, first rib, a hallmark of trauma, 251
- G**
- Gastrocolic and gastrojejunocolic fistulae, report of twelve cases and review of the literature, 376
- Gastroesophageal reflux, complicated, improvement in lower esophageal sphincter pressure following surgery for, 239
- Gastrointestinal bleeding, upper, current management of, 474
- Gastrojejunocolic fistulae and gastrocoloc, report of twelve cases and review of the literature, 376
- Gastoplasty for short esophagus and reflux esophagitis, experimental and clinical studies, 178
- Graft patency, axillary-femoral bypass, without aorto-femoral pressure differential, 424
- Grafts, infected arterial,
- Granuloma, barium, of the rectum, an uncommon complication of barium enema, 418
- H**
- Head, melanoma of the, and neck, 1
- Hemodilution, experimental therapeutic, determinants of cardiac output during, 196
- Hemodynamics of the interposition mesocaval shunt, 523
- Hemorrhagic shock, prolonged, an investigation of endocardial viability ratio in myocardial failure following, 893
- Heparin and protamine sulfate, effect of, coagulation dynamics following thermal injury, 161
- Heparin, low dose, and warfarin, as thromboembolism prophylaxis in total hip replacement patients, a comparative analysis of, 896
- Hepatic portoenterostomy, an assessment of its value in the treatment of biliary atresia, 591
- Hepatogastrostomy, ulcerogenic preparation or therapeutic alternative, 5
- Hepaticojjunostomy, Roux-en-Y, a reappraisal of its indications and results, 213
- Hepatorenal syndrome, recovery after portacaval shunt, 847
- Hernia(s), abdominal wall, the use of mersilene® mesh in repair of, a clinical and experimental study, 728
a new variant of intra-abdominal, 422
occult inguinal, in the female, 481
ventral, subcutaneous extraperitoneal repair of, a biological basis for fascial transplantation, 722
- umbilical, management of, associated with hepatic cirrhosis and ascites, 85
- I**
- Ileal perforation due to typhoid fever, management of, 88
- Immune response, antitumor, following injection of neuroaminidase-treated sarcoma cells, 359
- Infarction, mesenteric venous, inherited antithrombin III deficiency causing, a new clinical entity, 791
- Infections, efficacy in intravenous clindamycin and methicillin in gram-positive soft tissue, 203
- wound, the effect of differing ambient oxygen tensions on, 35
- Inflammation in bronchial stump healing, the role of, 381
- intraperitoneal, urea production related to, 409
- Intraperitoneal inflammation, urea priduction related to, 409
- Intra-aortic balloon counterpulsation, potential for therapy in hemorrhagic shock with associated myocardial failure, 120
- Ischemia, myocardial, influence of increased circulating levels of splanchnic lysosomal enzymes on the response to, 813
- spinal, following abdominal aortic surgery, 267
- J**
- Jaundice, the diagnosis of, by minilaparotomy open trans-hepatic cholangiogram, 386
- K**
- Kidney's, transplanted, renal artery stenosis in the hypertension due to, 604
- L**
- Laparoscopy in acute pelvic pain, the value of, 484
- Laser surgery in exsanguinating liver injury, 74
- Lavage, peritoneal, diagnostic, in evaluating acute abdominal pain, 853
- Left ventricular bypass, twenty-four hour, with a centrifugal blood pump, 412
- Leiomyosarcoma, primary pulmonary-case report and review of literature, 20
- Liver, effect of complete parenteral nutrition using fat emulsion, 186

- Liver preservation for transplantation, factors determining successful, 289
- Lung, septic and shock lung in man, 681
- thermal volume in pulmonary edema, effect of positive end expiratory pressure, 809
- M**
- Medical education and care, quality quantity and distribution of, regulation by the private sector or mandate by government? 760
- Medroxyprogesterone, effect of, on wound contracture and epithelization in rabbits, 67
- Menetrier's disease, with protein-losing gastropathy, surgical management of, 765
- Mersilene® mesh in repair of abdominal wall hernias, the use of, a clinical and experimental study, 728
- Metabolism, energy, of experimental wounds at various oxygen environments, 823
- Methadone ingestion, fecal impaction following, simulating acute intestinal obstruction, 15
- Methylprednisolone, cardiopulmonary adjustments following single high dosage administration of, in traumatized man, 317
- effects of, on wound contracture and epithelization on rabbits, 67
- Microembolism, pulmonary, associated with massive transfusion, physiologic effects and comparison in vivo of standard and dacron wool blood transfusion filters in its prevention, 51
- Microvascular surgery, experimental and clinical application, 169
- Minilaparotomy open transhepatic cholangiogram, the diagnosis of jaundice by, 386
- Myocardial failure following prolonged hemorrhagic shock, an investigation of endocardial viability ratios in, 893
- intra-aortic balloon counterpulsation, potential for therapy in hemorrhagic shock with associated, 120
- N**
- Nissen fundoplication for treatment of hiatal hernia, evaluation of the, 402
- O**
- Oxygenator, membrane vs bubble, clinical comparison, 747
- Oxygen consumption changes with stored blood infusions,
- Oxygen extraction, systemic and cerebral, physiologic effects of hyperventilation and phlebotomy in baboons, 99
- systemic and cerebral, physiologic effects of transfusing red blood cells with high or low affinity for oxygen to passively hyperventilated anemic baboons, 106
- Oxygen tensions, ambient, the effect of differing, on wound infection, 35
- P**
- Pancreas, canine, microcirculation of the normal and inflamed, 466
- Pancreatic exocrine secretion during and after pregnancy, 47
- Pancreaticogastrostomy, a further evaluation, 541
- Parenteral nutrition using fat emulsion on liver, effect of complete, 186
- PEEP *see* positive end expiratory pressure
- Pelvic pain, acute, the value of laparoscopy in, 484
- Peritoneal lavage in blunt abdominal trauma, effectiveness of, 255
- Peritonitis, primary in infancy and childhood, 310
- Pertechnetate ^{99m}Tc scanning, diagnosis of an enteric duplication with, 428
- Phlebotomy in baboons, physiologic effects of hyperventilation and, systemic and cerebral oxygen extraction, 99
- Platelet aggregation and microaggregate formation in banked blood, effect of agitation on, 243
- Popliteal bypass, femoro-distal, in the severely ischemic leg, new technique for construction of composite dacron vein grafts, 670
- Portacaval shunt, recovery after, hepatorenal syndrome, 847
- Portal blood flow, spontaneous reversal of, the case for and against its occurrence in patients with cirrhosis of the liver, 346
- Positive end expiratory pressure, effect of, lung thermal volume in pulmonary edema, 809
- (PEEP), unilateral, pulmonary responses of, on experimental fat embolism, 676
- Pseudocysts, pancreatic, changing patterns in the management of, 546
- Pulmonary changes in hemorrhagic shock, pathologic, 870
- Pulmonary platelet trapping, development and treatment of post-traumatic, 447
- Pyeloureterostomy reconstruction in human renal transplantation, 61
- Pyloroplasty, double, and vagotomy for peptic ulcer, 40
- Y-U advancement, 586
- R**
- Radiation therapy, bilateral carotid aneurysms secondary to, 888
- Radionuclide imaging in the early diagnosis and treatment of renal allograft rejection, use of, 596
- Radiotherapy, preoperative, for colorectal cancer, 624
- Rectum, barium granuloma of the, an uncommon complication of barium enema, 418

- Reflux esophagitis, a gastroplasty for short esophagus and, experimental and clinical studies, 178
 Renal failure, acute, cholangitis with, priorities in therapeutics, 881
 Renal insufficiency, acute, complicating major cardiovascular surgery, 370
 Renal transplantation, human, pyeloureterostomy reconstruction in, 61
 Resection, radical, for periampullary cancer, results of, 104
 Respiratory distress syndrome, post-traumatic, the changing pattern of, 693

S

- Saphenous veins, human, used as coronary artery bypass autografts, localization of tissue plasminogen activator in relation to changes in, 431
 Sarcomas, soft tissue, 803
 synovial, 22
 Sarcoma cells, neuraminidase-treated, antitumor immune response following injection of, 359
 Serum gastrin response in dogs, effect of antrectomy and subsequent vagotomy on, 191
 Sexual function after aorto-iliac surgery, 787
 Shock, hemorrhagic, pathologic pulmonary changes in, 870
 sequential changes in cerebral blood flow and distribution of flow within the brain during, 1
 the influence of diet on response to, 698
 Short gut syndrome, the ability of an elemental diet to support nutrition and adaptation in, 220
 Shoulder, anterior dislocation of the, false aneurysm as a late complication of, 785
 Shunt, mesocaval, hemodynamics of the interposition, 523
 Small bowel bypass procedures, studies on bile salt deconjugation following, 397
 Smoke poisoning, clinical, what is? 151
 Sphincter pressure, lower esophageal, improvement in, following surgery for complicated gastroesophageal reflux, 239
 Splenectomy, mesenteric thrombosis following, 126
 Stenosis, renal artery, in transplanted kidneys, hypertension due to, 604
 Stomach, carcinoma of the, an analysis of twenty years' experience with operations for, 611
 Sutures, human tissue reaction to, 144

T

- TDMAC—heparin shunt, the use of, in replacement of the descending thoracic aorta, 735
 Thermal injury, characterization of elevated fibrin split products following, 157
 coagulation dynamics following, effect of heparin and protamine sulfate, 161

suppression of leukocyte chemotaxis in vitro by chemotherapeutic agents used in the management of, 363

- Thoracic outlet syndrome, management of, 575
 Thoracic trauma, penetrating, diabetes insipidus secondary to, 31
 Thrombi, ex vivo, the effect of dextran on the lysability of, 342
 Thromboembolism prophylaxis in total hip replacement patients, a comparative analysis of warfarin and low-dose heparin as, 896
 Thrombosis, mesenteric, following splenectomy, 126
 Thyroid cancer, childhood, is it a lethal disease? 632
 Tissue plasminogen activator, localization of, in relation to morphologic changes in human saphenous veins used as coronary artery bypass autografts, 431
 Trauma, blunt abdominal, effectiveness of peritoneal lavage in, 255
 Tumor, benign small bowel, 247
 of the duodenum, villous, 164
 Typhoid fever, management of ileal perforation due to, 88

U

- Ulcer, marginal, in achlorhydric patients, 455
 peptic, vagotomy and double pyloroplasty for, 40
 Urea production related to intraperitoneal inflammation, 409

V

- Vagotomy and double pyloroplasty for peptic ulcer, 40
 effect of antrectomy and subsequent, on the serum gastrin response to food in dogs, 191
 parietal cell, without drainage as an adjunctive procedure to Nissen fundoplication, 402
 Vein grafts, composite dacron, new technique for construction of, for femoro-distal popliteal bypass in the severely ischemic leg, 670
 Vein, portal traumatic injury to the, 519
 Ventricular bypass, twenty-four hour left, with a centrifugal blood pump, 412
 Volvulus of the cecum, 876

W

- Warfarin and low-dose heparin as thromboembolism prophylaxis in total hip replacement patients, a comparative analysis of, 896
 Wound healing in man, tensile strength of healing wounds in some patient groups, 842
 Wound irrigations, quantitative bacterial analysis of comparative, 819

X

- Xeroradiography, occult breast carcinomas detected by, clinical considerations, 133

INDEX

Vol. 181 JANUARY-JUNE 1975

Subject Index to Volume 182 (July-December 1975)

A

- Achalasia, an uncontrolled comparison of treatment for, 673
Acid and pepsin secretion, Heidenhain pouch distension as a stimulus for, 121
Adenocarcinoma of the pancreas, a statistical analysis of biliary bypass vs Whipple resection in good risk patients, 715
Adenyl cyclase, 603
Aldosteronism, primary, selection of patients and operative approach in, 353
Allografts and xenografts, prolonged retention of glutaraldehyde-treated skin, immunological and histological studies, 699
Allografts, preserved, of dilated saphenous vein for vascular access in hemodialysis, an initial experience, 727
Amino acids, influence of the postoperative state on the intracellular free, in human muscle tissue, 655
Amylase activity in pancreatitis with hyperlipemia, inhibition of serum and urine, 72
Amyloidosis in hemodialysis patients, femoral neuropathy and ischemic colitis associated with, 162
Aneurysm, false, of the abdominal aorta due to blunt trauma, 33
hepatic artery, successful treatment of, with erosion into the common duct, 170
Antrectomy, distal, with vagectomy for duodenal ulcer, results in 611 cases, 610
Apudocarcinomas, ectopic, and associated endocrine hyperplasias of the foregut, 371
Arterial blood gas measurements, postoperative, in obese patients, effect of position on gas exchange, 705
Arterial injuries associated with fracture/dislocations, principles in the management of, 630
Arterial substitute, small, expanded microporous polytetrafluoroethylene, patency versus porosity, 138
Arteries, correction of the transposition of the great, 287
Arteriography, appraisal of, for assessment of operability in periampullary cancer, 66
Artery reconstruction, ex vivo renal, 456
renal, and vein injury following blunt trauma, 696

B

- Bile, lithogenic, prolonged secretion after cholecystectomy, 150
Biliary tract disease, obstructive jaundice in patients with pancreatitis without associated, 116

- Bladder carcinoma, human, immunologic detection of, 325
Blood infusions, stored, oxygen consumption changes with, 104
Body composition in morbidly obese patients before and after jejunostomy bypass, 395
Body water dislocations, nutritional aspects of, in post-operative and depleted patients, 76
Breast, carcinoma of the, its outcome as measured by the rate of dying and causes of death, 334
Breast lesions, diagnostic accuracy of palpation and fine-needle biopsy and an evaluation of their combined use in the diagnosis of, 1
Burns, massive third degree, immunosuppression and temporary skin transplantation in the treatment of, 183
studies in, XIV, healing in burn wounds treated with ethyl linoleate alone or in combination with selected topical antibacterial agents, 562
Bypass, femoropopliteal or femorotibial, for revascularization of severely ischemic lower extremities, comparison of long term results of, 449
gastric, optimizing results of, 405
jejunostomy, body composition in morbidly obese patients before and after, 395

C

- Cellular aggregate dissolution, effects of intravascular, in postoperative patients, 776
Chest injuries, prevention of infection in war, 144
Cholecystectomy, prolonged secretion of lithogenic bile after, 150
Cholecystitis, calculous, with situs inversus, left-sided gallbladder, 135
Cholecystokinin metabolism in man and dogs, 496
Colitis, ischemic, an useful clinical diagnosis, but is it ischemic?, 439
and femoral neuropathy, associated with amyloidosis in hemodialysis patients, 162
Colon, definitive treatment of malignant polyps of the, 516
Colonic surgery, wound infection in, 724
polyps, risk of recurrence, 511
Coronary revascularization in "high" versus "low-risk" patients, the role of myocardial protection, 293
Craniofacial surgery, evaluation of, in the treatment of facial deformities, 240
Cranio-orbito-facial surgery, new surgical concepts resulting from, 228
Cysts, biliary, 635

Cancer, mammary, the prediction of hormonal dependency of, 342
of the breast, its outcome as measured by the rate of dying and causes of death, 334
periampullary, appraisal of arteriography for assessment of operability in, 66

Carcinoma, human bladder, immunologic detection of, 325
medullary, of the thyroid gland in patients with multiple endocrine neoplasia type II, early diagnosis of, 362
of the oral cavity, an analysis of 478 cases, 98
Cataracts, posterior subcapsular, posttransplantation in children, 585

D

Deaf mutism and goiter, 174
Diabetes mellitus, experimental, long term studies of pancreas transplantation in, 198
Duodenal diaphragms, congenital, in adults, a delayed cause of intestinal obstruction, 739
Duodenum, intragastric microbial colonization in common disease states of the stomach and, 557

E

Echinococcosis, clinical, 541
Edema, pulmonary, in acute pancreatitis, the pathogenesis of, 505
Endarterectomy, carotid, an analysis of 234 operative cases, 733
Endothelium, presence of, in an axillary-femoral graft of knitted dacron with an external velour surface, 749
Enterocolitis, necrotizing, in the newborn, operative indications, 274
Esophageal reconstruction, total, after extraction of the esophagus, 547
Esophageal stricture, peptic, treatment with combined fundic patch—fundoplication, 472
Esophagoplasty, reversed gastric tube (RGT) for failure of colon, jejunum and prosthetic interpositions, 154
Esophagus, total esophageal reconstruction after extraction of the, 547

F

Facial deformities, evaluation of craniofacial surgery in the treatment of, 240
Fibrinolysis, and low factor XII, erosive hemorrhagic gastroduodenitis with, 678
Fistula, arteriovenous, surgical technique for creation of an, using a looped bovine graft, 782
Fracture/dislocations, principles in the management of arterial injuries associated with, 630

G

Gallbladder, left-sided, calculous cholecystitis with situs inversus, 135

Gastrectomy, total, nutritional consequences of, 405
Gastric acid secretion, an antagonist of histamine-stimulated, metiamide, 627
Gastric rupture in the newborn, spontaneous, a clinical review of nineteen cases, 22
Gastric tumor, malignant, solitary bony metastasis as the first sign, or of its recurrence, 45
Gastroduodenitis, erosive hemorrhagic, with fibrinolysis and low factor XII, 678
Glycerol, major contributor to the short term protein sparing effect of fat emulsions in normal man, 386
Goiter and deaf mutism, 174
Graft, axillary-femoral, of knitted dacron with an external velour surface, presence of endothelium in, 749
Graft, looped bovine, surgical technique for creation of an arteriovenous fistula using, 782
Gut ends of unequal diameter, joining, 650

H

Heidenhain pouch distension as a stimulus for acid and pepsin secretion, 121
Hemodialysis, preserved allografts of dilated saphenous vein for vascular access in, an initial experience, 727
Hemorrhage, postoperative adrenal, 124
Hemorrhagic shock, resuscitated, sepsis and "shock lung," an experimental correlation, 218
Hepatic ducts, lesions of the segmental and lobar, 478
Hormonal dependency of mammary cancer, the prediction of, 342

Host resistance in sepsis and trauma, 207
Hyperlipemia, inhibition of serum and urine amylase activity in pancreatitis with, 72
Hyperplasia, endocrine, of the foregut, ectopic apudocarcinomas and associated, 371

I

Ileostomy, continent, the quality of life, 29
Immunosuppression and temporary skin transplantation in the treatment of massive third degree burns, 183
Infarction, mesenteric, revascularization in treatment of, 430
Infection in war chest injuries, prevention of, 144
Infection in war wounds, experience during the 1973 October War in Israel, 754
Infection, wound, in colonic surgery, 724
Infection, wound, in renal transplant wounds, pathogenetic and prognostic factors, 776
Intravenous infiltration necrosis, peripheral, 553
Ischemia, human skeletal muscle energy metabolism during and after complete tourniquet, 9
Isolation-perfusion, prophylactic, as the primary therapy for invasive malignant melanoma of the limbs, 316

J

Jaundice, obstructive, in patients with pancreatitis without associated biliary tract disease, 116

Jejunoileal bypass, body composition in morbidly obese patients before and after, 395

K

Kidneys, cadaver, in situ preservation for transplantation, laboratory observations and clinical application, 576

L

Laparotomy, staging, in the treatment of metastatic melanoma of the lower extremities, 710

Lymph node dissection, axillary, is modified radical mastectomy adequate for?, 722

M

Mammary cancer, the prediction of hormonal dependency of, 342

Manpower subcommittee, report on, 526

Mastectomy, modified radical, is it adequate for axillary lymph node dissection?, 722

Megacolon, congenital, the treatment and postoperative complications of, a 25 year followup, 266

Melanoma, cutaneous, tumor thickness, level of invasion and node dissection in Stage I, 572

invasive malignant, of the limbs, prophylactic isolation-perfusion as the primary therapy for, 316

metastatic, of the lower extremities, staging laparotomy in the treatment of, 710

of the head and neck, 86

Stage I, selection of the optimum surgical treatment of, by depth of microinvasion, use of the combined microstage technique (Clark-Breslow), 302

Metabolism, cholecystokinin, in man and dogs, 496

Metastasis, solitary bony, as the first sign of malignant gastric tumor or of its recurrence, 45

Metiamide, an antagonist of histamine-stimulated gastric acid secretion, 627

Microbial colonization, intragastric, in common disease states of the stomach and duodenum, 557

Microembolism, pulmonary, associated with massive transfusion, the basic pathophysiology of its pulmonary effects, 56

Muscle tissue, human, influence of postoperative state on the free amino acids in, 665

Mycosis, pulmonary, in renal allograft patients, the incidence and management of, 617

Myeloproliferative disorders, 464

N

Necrosis, peripheral intravenous infiltration, 553

Neoplasia, multiple endocrine, type II, early diagnosis of medullary carcinoma of the thyroid gland in patients with, 362

Neuropathy, femoral, and ischemic colitis associated with amyloidosis in hemodialysis patients, 162

Nitrogen balance in patients receiving either fat or carbohydrate for total intravenous nutrition, 164

Norepinephrine content, effect of low dose intra-arterial reserpine on vascular wall, 50

Nutrition, diet and suture material, effect on long term wound healing, 93

parenteral and oxygen transport, phosphate depletion and repletion, relation to, 683

total intravenous, nitrogen balance in patients receiving either fat or carbohydrate for, 164

O

Oxygen consumption changes with stored blood infusions, 104

Oxygen transport, phosphate depletion and repletion, relation to parenteral nutrition and, 683

P

Pancreas, adenocarcinoma of the, a statistical analysis of biliary bypass vs Whipple resection in good risk patients, 715

transplantation in experimental diabetes mellitus, long term studies of, 198

transplantation techniques, comparative evaluation of, 567

Pancreaticoduodenal preservation, by hypothermic pulsatile perfusion for twenty-four hours, 743

Pancreatitis, acute, the pathogenesis of pulmonary edema in, 505

with hyperlipidemia, inhibition of serum and urine amylase activity in, 72

without associated biliary tract disease, obstructive jaundice in patients with, 116

Parenteral nutrition regimens in infants, metabolic and hormonal studies comparing three, 62

Pelvic defects, mesenteric leaf repair of, following enterative operations, 767

Phosphate depletion and repletion, relation to parenteral nutrition and oxygen transport, 683

Polyps, colon, risk of recurrence of, 511

malignant, definitive treatment of, 516

Polytetrafluoroethylene, expanded microporous, patency versus porosity, a small arterial substitute, 138

Pseudocysts, pancreatic, in infants and children, operative management of, a review of 75 cases, 590

Pulmonary microembolism associated with massive transfusion, a comparison in vivo of dacron wool (Swank) and polyester mesh (Pall) micropore blood transfusion filters in the prevention of, 690

R

Renal allograft patients, the incidence and management of pulmonary mycosis in, 617

Renal failure, chronic, treatment of, by transplantation and dialysis, two decades of cooperation, 108

postoperative chronic, a new syndrome?, 37

Renal transplant wounds, wound infection in, pathogenetic and prognostic factors, 776
Renovascular hypertension, operative management of, 762
Reserpine, low dose intra-arterial effect of, on vascular wall norepinephrine content, 50
Revascularization of severely ischemic lower extremities, comparison of long-term results of 364 femoropopliteal or femorotibial bypasses for, 449 Ringer's lactate infusion, massive, comparison with dextrose 5% and whole blood, 644

S

Sarcomas of the lower extremity, surgical treatment of 297 soft tissue, 597
Sepsis, host resistance in, and trauma, 207 resuscitated hemorrhagic shock and "shock lung", an experimental correlation, 218
Septicemia, gram negative, in the pediatric surgical patient, the early diagnosis of, 280
Shock lung, sepsis and resuscitated hemorrhagic shock, an experimental correlation, 218
Skin transplantation, temporary, and immunosuppression, in the treatment of massive third degree burns, 183
Smoke inhalation injury, the pathophysiology, 652
SOSSUS and the outlook for American surgery, 531 legal and ethics committee, summary report on professional liability, 538
Stomach, intragastric microbial colonization in common disease states of the duodenum and, 557
Surgical house officership, an evaluation of the application procedure for, 130
Suture, removable buried retention, a new technique, 26

T

Thyroid gland, the early diagnosis of medullary carcinoma of the, in patients with multiple endocrine neoplasia type II, 362

Transfusion, massive, pulmonary microembolism associated with, the basic pathophysiology of its pulmonary effects, 56
Transplantation and dialysis, treatment of chronic renal failure, two decades of cooperation, 108 in situ preservation of cadaver kidneys for, laboratory observations and clinical application, 576
Transposition of the great arteries, correction of the, 287
Trauma, blunt, renal artery and vein injury following, 696 host resistance in sepsis and, 207
Tumor thickness, level of invasion, and node dissection in Stage I cutaneous melanoma, 572

U

Ulcer, duodenal, distal antrectomy with vagectomy for, results in 611 cases, 610
United we stand (Presidential address), 177

V

Vagectomy, distal antrectomy with, for duodenal ulcer, results in 611 cases, 610
Vein, saphenous, preserved allografts of dilated, for vascular access in hemodialysis, an initial experience, 727

W

Wound healing, effect of nutrition, diet and suture material on long term, 93
Wound infection during the Yom Kippur War, observations concerning antibiotic prophylaxis and therapy, 15

X

Xenografts, and allografts, prolonged retention of glutaraldehyde-treated skin, immunological and histological studies, 699

Second-class postage paid at Philadelphia, Pa., and at additional mailing offices
